1 Request Hidden By Filters → Show All

View HAR file contents

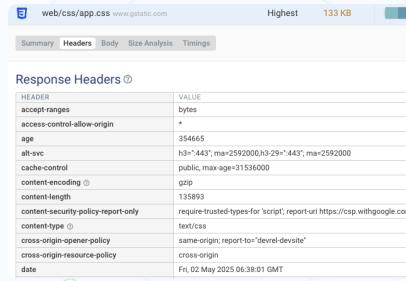

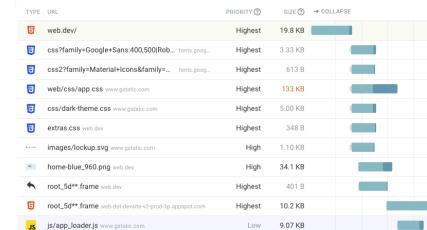

ⓘ What are HAR files?

The [HTTP Archive \(HAR\) format](#) records what network requests are made by the browser when accessing a website.

➊ HAR request waterfall

A [network request waterfall](#) shows how long each network request took and when during the page load process it was made.

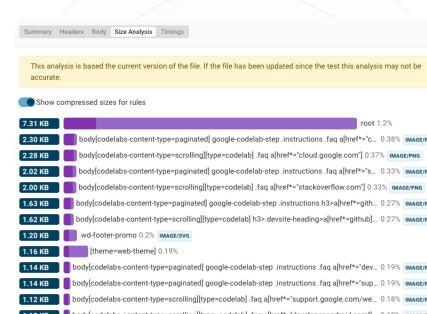

Open HAR file to inspect network request details

➊ File size, response status, priority, and more

Click each request to expand it and view additional details.

➋ HTTP request and response headers

View the HTTP request and response headers for each network request.

Check response bodies and size

➊ View HTTP response bodies

See how the server responded to each browser request.

➋ Optimize response size

Get a detailed size analysis for HTML and CSS responses to see what contributes to their download size.

Collect page speed data in a controlled environment

➊ More detailed page speed data

HAR files just show basic info on network requests. But a full page speed test will tell you key performance metrics and a rendering filmstrip showing when content becomes visible.

Measure Website Performance Continuously

Get detailed request waterfalls and page speed recommendations.
