## View HAR file contents

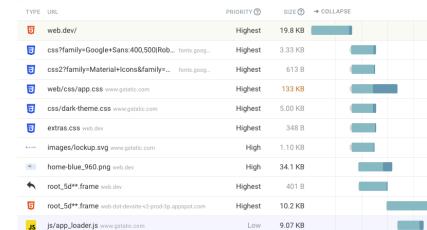

### What are HAR files?

The [HTTP Archive \(HAR\) format](#) records what network requests are made by the browser when accessing a website.

## ➊ HAR request waterfall

A network request waterfall shows how long each network request took and when during the page load process it was made.

## ➋ Open HAR file to inspect network request details

### ➌ File size, response status, priority, and more

Click each request to expand it and view additional details.

This screenshot shows the "Headers" tab of a HAR file. It lists various HTTP headers with their values. Key entries include:
